Telephone: 404-851-5589

You are invited to sponsor the Georgia chapter of the Yul Brynner Head and Neck Cancer Foundation (YBF). The mission of the Yul Brynner Head and Neck Cancer Foundation is to provide support to head and neck cancer patients, educate children and adults about the dangers of smoking and other tobacco abuse, educate the public about the treatment and prevention of head and neck cancer, and support research toward curing head and neck cancers.

Head and neck cancers account for 3 percent of all cancers in the United States. These cancers are more common in men and in people over age 50. It is estimated that approximately 45,000 men and women in the United States will develop head and neck cancers this year. Eighty-five percent of head and neck cancers are linked to tobacco use making it one of the most preventable diseases. Help us in the fight against head and neck cancer and support the Georgia chapter of the Yul Brynner Foundation.

The Georgia YBF Chapter is planning an exciting year of events beginning with a FREE HEAD AND NECK CANCER SCREENING in March 2007, at the ATLANTA MOTOR SPEEDWAY during the NASCAR Nicorette 300 Busch Series Race. This event will take place in a large tent outside of the Atlanta Motor Speedway and allow for thousands of people to take part in the screening. Many local physicians, health care professionals, volunteers, survivors, and members of the press will be on hand to screen and educate the public.

Additional screenings will be taking place throughout the country in April during the National YBF Head and Neck Cancer Awareness Week. A survivor's banquet to honor those who have faced and conquered the illness is also planned in Atlanta in April. Finally, multiple visits by patients, physicians, speech pathologists, nurses, and other volunteers to area middle schools throughout the year are planned in Georgia and around the country.

For more information about the YBF local and national chapters please visit www.headandneck.org
